

- Glue to groundcover with Elmers.
- Spray with hairspray.
- Flock with Woodland Scenics turf for leaves.
- Spray again with hairspray.

### **The River back**

- Woodland Scenics dark green, medium green and light green foliage stretched out thin and glued at random to the bank with Elmers.

### **The River edge**

- With an eye dropper, lay out a mixture of 1/3 white glue, 1/3 alcohol and 1/3 water the full length of the Rivers edge and out into the riverbed.
- Sprinkle with filtered – sifted sand and dirt.
- Wet again with mixture to hold in place

### **Riverbed**

- Lay in rocks and debris.
- Pour water to desired depth. (I used “Magic Water” on this scene).

### **Add any other details.**

*Use Magic Water for rivers and Lakes*
