Model Railroad Open House

Boeing Employees Model Railroad Club

Saturday, May 24th, 2025

10 AM- 6 PM

**425 SW 153rd St,
Burien, WA 98166**

The BEMRRC is having an open house! This is one of only a few days each year for the public to come see the railroad. Our layout depicts the "Seattle & North Cascades," fictional railroad operating between Seattle and Omak, WA in 1959. Members will be operating trains from many parts of the US and many eras as well, everything from steam locomotives to contemporary Amtrak trains. A highlight is the recently installed, highly detailed scratch-built roundhouse and engine facility. Bring the whole family, visitors of all ages are welcome!

Visit us at BEMRRC.org or find us on Facebook for more info.
